Manufacturing books in the United States ensures compliance with strict environmental laws and eliminates the need for international freight shipping, a major contributor to global air pollution. And printing on recycled paper helps minimize our consumption of trees, water and fossil fuels.

The text of this book was printed on paper made with 30% post-consumer waste and the cover was printed on paper made with 10% post-consumer waste. At Dover, we use Environmental Defense's Paper Calculator to measure the benefits of these choices, including: the number of trees saved, gallons of water conserved, as well as air emissions and solid waste eliminated.

HALLOWEEN

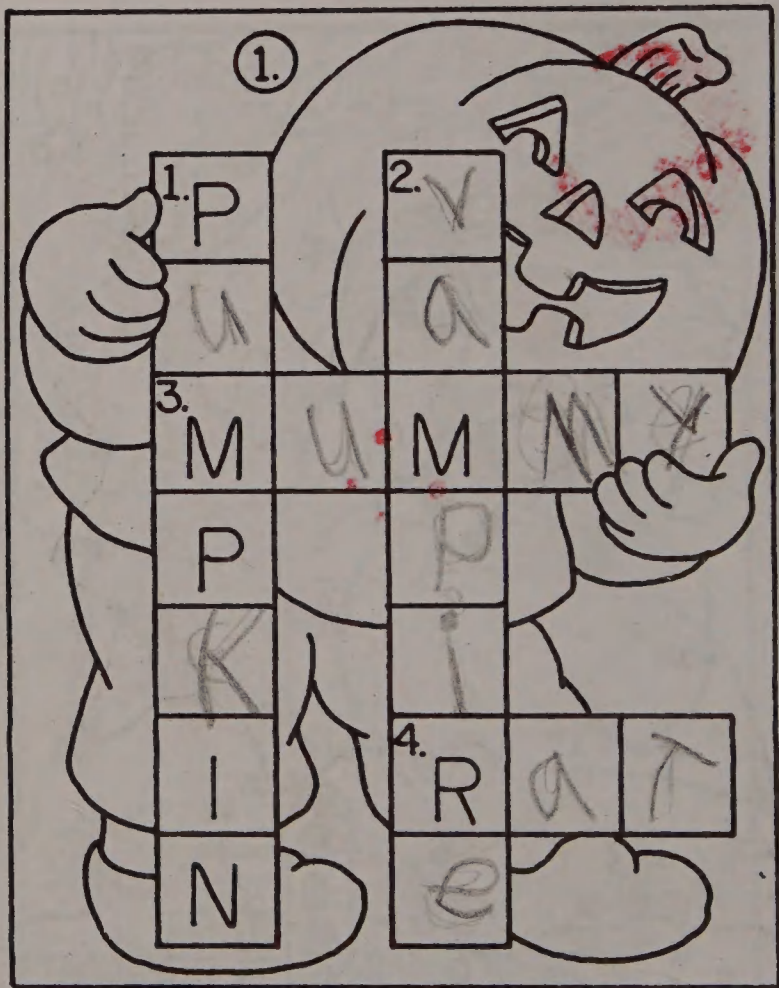

Boo! Halloween, the spookiest holiday of the year, is also one of the most popular. It's the time when kids dress up as ghosts, witches, goblins and other creepy creatures and go trick-or-treating through the neighborhood. The puzzles in this book make the fun of Halloween last longer by challenging you with special mazes, follow the dots, crossword puzzles and other teasers. After you finish a puzzle, you can check the solution in the section beginning on page 54. And when you have finished with *all* the puzzles, you can color them in!
